

DRUGS AND ALCOHOL POLICY
Zero Tolerance

Our Aim

Our aim is to act as a good employer and conduct our business activities in a way which will achieve the highest possible standard of health and safety for our employees, visitors and members of the public. This is because we recognise that we can contribute to a safe, healthy and productive work environment by preventing drugs and alcohol problems, by raising awareness, by identifying problems at the earliest stage and by offering support to those who have a problem.

Our Policy

Our policy is to ensure that drugs and alcohol problems are dealt with effectively and consistently so that workers are protected and those affected are encouraged to seek help. We expect all of those to whom this applies to support this policy and in doing so comply with the rules below.

For the purposes of this policy, drug and alcohol problems are defined as those which incorporate a variety of behaviours caused by drugs or alcohol which may be problematic to the individual and/or to the organisation for which the individual works.

This policy applies to all of our employees as well as subcontractors, including agency and self-employed.

Professional assistance and support can be made available to those to whom this policy applies and we would urge anyone who feels that they may have a drug or alcohol problem to come forward to discuss this confidentially with their relevant supervisor or manager.

Rules

- You must not be in possession of any illegal drugs whilst working on our sites/premises, or in our vehicles.
- You must not under any circumstances be under the influence of drug or alcoholic substances whilst on our sites/premises, or in our vehicles. Note that, as previously consumed drug or alcoholic substances may affect your performance at work, you may still be considered to be under the influence.
- If you are on drugs for any medical reason, please inform your supervisor or manager at once.
- If your supervisor or manager believes that you are under the influence of drugs or alcohol whilst on our sites/premises, or in our vehicles you will be asked to leave, having been advised of the support available to you and your rights in accordance with our disciplinary procedures.
- There may be circumstances where you will be asked to provide an alcoholic or illegal drug substance test sample. This may be requested by Fusion or by any of our Main Contractors or clients. This may be as part of an initiative to carry out random testing or otherwise. Any refusal to provide a test sample or failure of test will lead to disciplinary action and potentially instant dismissal for Gross Misconduct. **When this test sample is being carried out upon the request of a Main Contractor, if the test is refused or failed, we at Fusion are charged a fine of £200.00. This charge will be forwarded to the employee in question and amount deducted from salary.**
